

Venkata Sri Vyshnavi Chamarti

vyshnavichvs@gmail.com | 8074191678 | Kakinada, Andhra Pradesh

PROFESSIONAL SUMMARY

MCA student with a B.Sc. in Artificial Intelligence and hands-on knowledge of Python, Java, MySQL, and Machine Learning. Experienced in academic AI/ML projects involving ML-based prediction and quantum-enhanced face recognition. Strong in problem-solving, team collaboration, adaptability, and time management. Seeking an entry-level Software Engineer, Python Developer, or AI/ML Engineer Trainee role to apply programming, analytical thinking, and project experience in real-world applications.

TECHNICAL SKILLS

Programming: Python, Java, C, JavaScript

Database: MySQL

Web: HTML, CSS

AI/ML: Machine Learning, Deep Learning, CNN, Model Evaluation

PROJECTS

Diabetes Prediction Using ML

Developed a machine-learning model to predict diabetes risk using patient attributes such as glucose level, BMI, age, and other health-related features. Used Logistic Regression, Decision Tree, and Random Forest for classification, with model validation using ROC curve and confusion matrix. Reported accuracy: 78%.

Technologies: Python, Machine Learning, Logistic Regression, Decision Tree, Random Forest.

Quantum Face Recognition Using MG-QCNN

Developed a hybrid face-recognition system combining classical CNN and quantum machine-learning techniques. Implemented a Multigate Quantum Convolutional Neural Network (MG-QCNN) with classical CNN layers for feature extraction and spatial refinement. Applied data preprocessing, augmentation, and ablation analysis for model evaluation using ORL and Yale datasets. Achieved 99.17% accuracy on ORL and 97.80% on Yale.

Technologies: Python, PyTorch, PennyLane, CNN, Quantum Machine Learning.

EDUCATION

MCA / CSE-MCA — Pursuing — University College of Engineering, JNTUK, Kakinada | 2024–Present | CGPA: 7.4

B.Sc. Artificial Intelligence — Aditya Degree College | 2021–2024 | CGPA: 8.7

Intermediate — MPC — Aditya Junior College | 2019–2021 | Marks: 871

Secondary School — Dr. K.K.R.'s Gowtham School | 2018–2019 | CGPA: 9.8

INTERNSHIPS

Java Internship — Adhoc Networks; awarded Gold Medal.

Worked on Java programming and object-oriented programming concepts; practiced implementing Java-based programming tasks and application logic.

Technologies: Java, OOP.

Embedded System Internship — HMI Company; achieved A+ grade.

Worked on embedded-system concepts and hands-on tasks related to hardware/software interaction.

Technologies: Embedded Systems, basic C.

AI Using Python Internship — SkillDzire.

Worked on Python-based AI/ML tasks including data handling and applying machine-learning concepts to practical problems.

Technologies: Python, Machine Learning.

CERTIFICATIONS

Fundamentals of IoT — Silver Medal

SkillDzire Internship Certification
